

Mighty Huntsman

The sun hasn't come up yet, and the tracks are warm.

Harold the Hunter's followed this herd for three days now, rifle slung over his shoulder and patience running thin. Lions, rhinos, elephants, leopards, they'll all cross this plain eventually, and he's learned exactly where to wait. One good shot is the difference between going home empty-handed and bringing back a story worth telling.

One good shot changes everything.
